### Officials Contract Forms Should Be Complete

When contracts are made with athletic officials, principals should see that all details of the contract forms are completed. Full names and addresses of officials should be included on each. This is especially helpful when there is a change in administration the following year.

Association regulations provide that officials shall be approved by opponents, and it is recommended that such approval be in writing before contracts are issued.

### Big Eight Conference Basketball Clinic

This clinic for high school (and younger folks) will be held at 10:00 a.m. Saturday, December 28, at the Kansas City Municipal Auditorium. Coaches and their entire squad are invited to the clinic and to the afternoon games that day as guests of the conference. Big Eight coaches will be on the program. Tickets to the afternoon games will be given to those in attendance at the close of the clinic.

Last year nearly 3,000 high school players attended the clinic and stayed for the afternoon games. There will be some \$1.00 tickets available for the night games on December 28 and 30 if you care to stay over, but you should advise Wayne Duke, Executive Director, Muehlbach Hotel, Kansas City, Missouri, at an early date.

Please let other coaches in your area know about the clinic. Junior high and "small fry" teams are welcome.

The Missouri State High School Activities Association is co-sponsor of the clinic, but it is open to high schools in all states.

### Kansas Coaches Association Announcements

Mr. Bob Samples, secretary of the Kansas Coaches Association, reports the following:

Coach Arlo Buller of Hays High School has been appointed to set up the second annual Track Coaches' Clinic. Further detailed information concerning the clinic will be sent out later. The clinic will be held sometime in March, probably at Hays.

Mr. Samples will appreciate it if each newly-elected area representative of the Kansas Coaches Association will send him his name, address, and the area he represents. Mail the information to him at McPherson High School.

Certificates of award to undefeated football teams and state champions in other sports will not be given out at the coaches' luncheon, as they usually are. However, football awards will be sent out sometime during December. If you do not receive yours by the end of this month, please advise him. This year the certificates will be sent to the coaches immediately following the conclusion of each particular sport.

### Basketball and Music Manuals

Basketball and music manuals, each containing complete details regarding these activities, will be mailed to all principals. The basketball manual will be mailed in January and the music publication will be sent in February.
